- Add Photos & Annotations
- Automatic GPS, Date & Time Stamps
- Assign & Track Corrective Actions

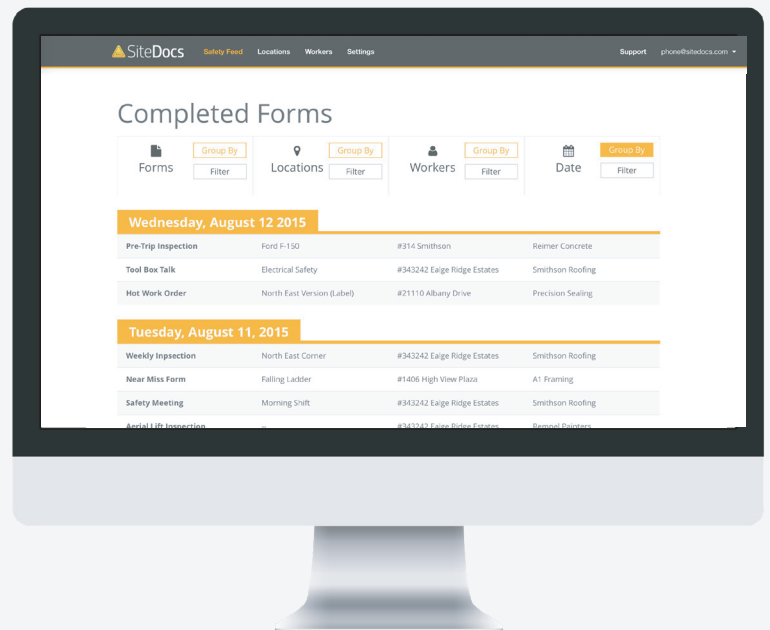

Easy to Learn. Easy to Use.

“We’ve been using SiteDocs safety software to manage our safety program and we’ve had a great experience! ***We have gone from ‘Hard Copy Chaos’ to ‘Digital Order.’***” - Kevin Boyce, KDS Construction Ltd.

In Office

- Web Based Admin Panel
- Build Forms Easily
- Run Reports & Analytics
- Monitor Safety In Real Time
- File & Organize Automatically
- Find Forms Quickly With Search
- Upload PDFs to Resource Library
- Monitor Worker Training & Certification
- Track Individual Worker Profiles

Monitor. Search. Report.

Save Thousands Of Dollars Dollars By Eliminating Wasted Time Handling Paper

“In the past, doing our safety documentation on paper was a headache and unreliable when it really counted. But since we started using SiteDocs to manage our Safety Program, we’ve saved well over \$100,000!”

- Joe Duquet, Safety Consultant

Priced For Your Safety Success

Annual Subscription Based On Company Size

Logins For All Your Workers

Because Worker participation is the key to improved safety culture, provide every Worker with a login.

Unlimited Forms & Signatures

Because every signed safety form leads to a safer work environment, go ahead and sign as many as you need.

Track Every Worker Profile

Because training is the backbone of safety, monitor every Worker signature and certification, both current and historical.
